SUPERIOR TOWING DEVICE

Superior Engineering towing devices create an easier, safer way to tow trailers or frames around your facility. Our towing devices can be fork mounted, ITA mounted, or pin to pin mounted. The ball hitch is engineered to your specifications and is removable and replaceable with various ball hitch diameters. All steel construction and American workmanship make this a must have if you use your forklift for towing, pulling, or spotting.

ITA, FORK or PIN TO PIN MOUNTING
STEEL CONSTRUCTION
OSHA AND ANSI/ASME COMPLIANT
AMERICAN MADE
SAFELY TOWS, TUGS OR SPOTS TRAILERS AND FRAMES
