SUPERIOR RAIL CAR DOOR OPENER

SUPERIOR ENGINEERING INC.

1-800-359-3052
WWW.SUPERIORENG.COM
The Superior Engineering Freight Car Door Opener mounts to your forklift forks and utilizes your lift truck power and force to open stubborn freight rail car doors that won’t budge using manual force.

The inner boom extends and retracts giving you flexibility to telescope out to reach over obstructions or spaces or the unit will retract if you are in a confined space.

Universal mount that can operate to the left or the right depending upon direction of entry into the fork pockets.
